

STATEMENT OF PURPOSE

RS19403

This resolution rejects subpart IDAPA 16-03-19-700.01 (a) of the rule that improperly restricts the use of a manufactured home as a certified family home. The restriction that a manufactured home older than 18 years not be allowed as a certified family home was intended to apply to mobile homes not manufactured homes.

A manufactured home is a structure constructed after June 15, 1976 in accordance with the U.S. Department of Housing and Urban Development construction and safety standards. Such homes are equivalent in all aspects to site-built homes.
